Cruise Thru Events was brought to life by two entertainment professionals. Antoinette DiPietropolo and Charles Ford saw the closing of live events around the world and their own livelihoods so they knew they had to do something. When Charles called Antoinette and said "Ok how are we going to get something running to help others" they got to work. The passion to bring artists together and performers back to work was a strong force in this event. Come see their goal of hiring talent to express joy to you and your loved ones.
